

Housatonic Project Viewer 2010 Fully Windows 7 Compatible

Compatibility is Microsoft Certified

Pittsfield, MA, December 12, 2011 — Housatonic Software, long committed to compatibility with Microsoft operating systems and applications, is pleased to carry the official *Compatible with Windows 7* banner for its Housatonic Project Viewer. The Housatonic Project Viewer provides users a way to open, view/read, sort, filter, print and share Microsoft Project files at a fraction of the cost of a Microsoft Project license. This a particularly attractive option for large teams, most of whose members do not need to create or modify project plans. Compatibility with Windows 7 offer customers enhanced security, as well as innovative user interface features and reliability improvements. Housatonic Is pleased to be part of the Independent Software Vendor community dedicated to leveraging the Microsoft platform – especially Microsoft Project, the gold standard for project management - for business advantage.

“Our ISV community is alive with innovation, and we’re committed to helping our partners drive the next generation of software experiences,” said Ross Brown, Vice President of ISV and Solutions Partners for the Worldwide Partner Group at Microsoft. “Adding compatibility for the latest Microsoft technologies helps ISVs to stay ahead of the competition and give their customers access to cutting-edge technologies.”

The Housatonic Project Viewer:

- Looks and feels exactly like Microsoft Project - no additional training is necessary
- Saves money by eliminating the need to purchase a full Microsoft Project license to simply open, view and print MPP files
- Runs on Windows 7, XP, Vista, Windows Server/Citrix Environments
- Reads MPP files in MS Project 2010, 2007, 2003, 2002, 2000, 98 formats
